

Millenium

Studio Desk WS30

Assembly instructions

For mounting the studio desk, use the supplied screws, washers and nuts. Use a soft padding to avoid damaging the components.

1. Screw the support brackets for the lower table top with each one metric screw, two washers and one nut at the desired height on both side panels.

2. Screw the lower single strut to support for the upper table top with each two metric screws between the two side panels.

Screw the overlay for the upper table top with one metric screw and one washer between the two side panels.

3. Screw the central strut with the brackets for the keyboard support with each two metric screws and two washers beneath the supporting brackets for the lower table top between the side panels.

Screw the two fixing brackets for the keyboard shelf with each two metric screws and two washers true sided on the middle strut.

4. Screw the keyboard shelf screw with each two washers and two wing nuts on both fixing brackets.

Studio Desk WS30

5. Assemble the two monitor tables at the sides as shown and put them into the two brackets.

6. Screw the brackets of the monitor tables each with two metric screws, three washers and one nut to the side panels.

The rack inlay is fastened with the lower screws of the monitor table each with one screw and a washer between the two side panels.

Loosen the handscrews on the brackets for aligning the monitor tables.

7. Screw the larger lower table top centered each with four wood screws and four washers to the two support brackets and the smaller upper table top equally to the upper support.

Technical specifications

- Applied materials:
 - Steel Sheet (side panels, struts)
 - Wood (table tops)
- Dimensions (W × H × D):
1930 × 1270 × 1070 mm
- Weight: approx. 40 kg

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard!

Because of its heaviness, at least two people are always required for the transport and installation of the studio desk.

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are fed to a recovery. Please follow the notes and markings on the packaging.
