

HD 800 - Closed stereo headphones

EN

Headphones for your 'listening marathon'

These dynamic stereo headphones can easily keep up with some of their competitors in higher price ranges. Thanks to its strong but light plastic casing, the HD 800 is one of the lightest of its kind, which allows for a comfortable fit, even over a number of hours. Get ready for some long listening sessions!

✓ Incl. 1/8" stereo mini phone plug and 1/4" adapter

This device is used for reproducing audio signals directly to the ears. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
